GenAI Engineer • Agentic AI • AI Safety Research

Technical Expertise

GenAI & Agents: LangChain, Smolagents, RAG, Vector DBs (Pinecone, Weaviate), Tool Use, Agent Orchestration

LLMs & Tuning: GPT-4, Claude, Llama 3.1, Gemini, LoRA/QLoRA, Prompt Engineering, In-context Learning

Production: Python, FastAPI, Docker, GCP, PostgreSQL, Redis, Nginx

AI/ML: PyTorch, Transformers, Stable Diffusion (SDXL, Flux), Whisper, CLIP, HuggingFace

Professional Experience

AI Engineer

Jul 2025 – Present

Altrd (GenAI Solutions for Indian Brands)

Mumbai, MH

- Built production-grade GenAI agents for Flipkart, boAt, Cashe, Vi, and Ankur Warikoo
- Developed LangGraph-based multi-agent systems reducing manual time by 4×
- Created RAG pipelines improving recommendation accuracy by 85%
- Deployed GCP-hosted FastAPI systems handling thousands of daily API calls

AI Engineering Intern

Jul 2024 – Jul 2025

Altrd

Mumbai, MH

- **Flipkart MinutesOfTheMeeting.ai:** Transcription system saving 400+ hrs/month, +40% diarization accuracy
- Engineered fine-tuned LLM and agentic applications for enterprise clients
- Deployed FastAPI applications with PostgreSQL and Redis for production workloads

AI Research Intern

Sept 2024 – Present

AI Institute of South Carolina

Columbia, SC (Remote)

- Researching unified jailbreak metrics and latent-space defense for SD2.1, SDXL, and Flux models
- Building RLHF datasets and evaluation frameworks for AI safety alignment
- Working under Prof. Amitava Das on adversarial robustness in image generation models

Publications & Research

IEEE GC4T 2025: *Advanced Knowledge Representation using GNN-GAT Hybrids*, proposed KeGNN — 4.2% gain compared to standard GAT.

Selected Projects

Enterprise GenAI Agents

- **Vi Jingle Generator:** MSME audio-content agent using few-shot Gemini prompting
- **AskCava:** Conversational RAG agent for personalized recommendations

Technical Deep Dives

- **LLM Attention Visualizer:** Flask-based tool visualizing Llama 3.1 attention patterns
- **RTX-Zig:** CPU-based ray tracer in Zig [GitHub]

Education & Achievements

B.E. in Artificial Intelligence & Data Science

SPPU, May 2025

- GPA: 8.57/10.0 • GATE DA 2025 AIR 3867 • WorldQuant Global Rank 257
- **Certifications:** Fast.ai Practical Deep Learning, DeepLearning.ai Specialization
- **Hackathons:** StableCode 24 h Challenge — Rank 9/100+ (Voice-integrated coding assistant)
